

New Shipping Center

Opening August 15, 2019

OSU has a new on-campus shipping center located in the EH&S Annex on campus way. This new location allows for the consolidation of all commercial shipping through FedEx, UPS and DHL and Freight Vendors into one location. This new location will offer more consistent and convenient services for all **OSU departments** while ensuring that the University remains in compliance with all federal and international shipping regulations.

Printing & Mailing Services main production facility and Xpress Stop location will no longer offer commercial shipping services. They will continue to offer US Postal Service products and services for both OSU departments and university staff and students.

If you have any questions or concerns please feel free to contact us at 541-737-4941.
