

Shipping Hazardous Materials

Hazardous Materials, referred to as Dangerous Goods for shipping purposes, are substances or materials that have been determined by the Dept. of Transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce. Violations can lead to civil penalties and large fines.

ARE YOU SHIPPING ONE OF THESE?

IF SHIPPING FROM OFF-CAMPUS

Contact Environmental Health and Safety for a consultation and then take it to a professional shipping company or freight forwarder such as UPS or FedEx

IMPORTANT THINGS TO KEEP IN MIND WHEN SHIPPING HAZARDOUS MATERIALS

- Shipping restrictions for a specific material may be found in Section 14 of its Safety Data Sheet(SDS)
- NEVER pack a hazardous material in your luggage when you travel
- If you receive Dangerous Goods in error, refuse the shipment
- DO NOT attempt to return a shipment yourself after it has been signed for. It must be properly reshipped
